Cumulative Index

THIS Key Term Index and the Index of Titles which follows it form a simplified information retrieval system for the technical articles which have appeared in Volume 5 (1973) of TEXTILE CHEMIST AND COLORIST, and in the printed proceedings of AATCC symposia conducted during calendar year 1973.

The numbers following the entries in the Key Term Index are used in conjunction with the Index of Titles to locate and identify those articles which are described by particular combinations of key terms.

For example: Information about the edge abrasion of durable press cotton is found by examining the title numbers listed after each of the appropriate key terms:

Cotton 4
Durable Press 2, 4
Edge Abrasion 4

Title 4, which is common to all three key terms, will provide the desired information. Consulting the Index of Titles identifies and locates Title 4 as "Producing and Measuring Edge Abrasion of Durable Press Cotton," issue No. 1, page 35/15.

The complete index for Volume 1 can be found in Vol. 1, No. 27 (December 31, 1969), p87. The complete index for Volume 2 was published in Vol. 2, No. 25 (December 16, 1970), p44. The complete index for Volume 3 was published in Vol. 3, No. 12 (December 1971), p72. The complete index for Volume 4 was published in Vol. 5, No. 1 (January 1973), p82. Reprints of all four are available at $2 each.

The journal is also available on microfilm from University Microfilms, Ann Arbor, Michigan, 48106, and is abstracted by CHEMICAL ABSTRACTS, ENGINEERING INDEX, TEXTILE TECHNOLOGY DIGEST, TITUS (Institut Textile de France) and WORLD TEXTILE ABSTRACTS.

Index of Titles

In the following Index of Titles the numbers to the right of the entry identify the issue and page number for that article. The digit preceding the hyphen indicates the issue. The digits following the hyphen cite the page number in that issue. Page numbers following the virgule (/) denote continuous pagination for all Vol. 5 technical papers.

(1) Flame Retardant Backcoatings for Automotive and Airline Upholstery Fabrics, George C. Kantner 1-21/1
(2) Durable Press Wool Fabric, W. L. Wasley, A. G. Pittman, C. C. Jones, W. Fong and C. E. Pardo 1-25/5
(3) Desizing Polyvinyl Alcohol Using Hydrogen Peroxide, Louis Kravetz 1-29/9
(4) Producing and Measuring Edge Abrasion of Durable Press Cotton, Harriet H. Prato and Mary Ann Morris 1-35/15
(5) The Use of Solvent Emulsions in Scouring and Dyeing Polyester, Piedmont Section, AATCC 1-39/18
(6) Anhydrous Solvent Finishing, Jimmy M. Thompson 2*
(7) Chlorinated Solvents and the Environment, Hugh A. Farber 6*
(8) A Study of the System: Perchloroethylene/Cellulose/Hydrogen Peroxide/Water, Manfred Wentz and David Cates 13*
(9) The Effects of Nonaqueous Solvents on the Mechanical Properties of Textile Yarns, Hans Dietrich Weigmann and Arthur S. Ribnick 24*
(10) Nonionic and Ionic Exhaust Dyeing Processes in Perchloroethylene, Rolf Kuehni 36*
(11) The Use of Organic Solvents in Continuous Dyeing, H. U. Von der Eltz, W. Birke and F. Schon 44*
(12) A Fundamental Comparison of the Utility of Trichloroethylene and Perchloroethylene in the Application of Disperse Dyes to Polyester, Warren S. Perkins and David M. Hall 49*
(13) Dyeing of Wool and Nylon with Amine Complex Acid Dye (ACD) from Organic Solvents, Yoshio Nemoto, Koichi Mase, Hiroyuri Funahashi and Ken-icki Kamata 58*
(14) An Investigation in the Continuous Solvent Dyeing of Polyester, Norman L. Anderson and John N. Carbone 65*
(15) A Report on Continuous Solvent Dyeing of Polyester Using the TTI Process, C. Willard Ferguson 72*
(16) Vapor Cure Finishing Systems for Durable Press Cotton Textiles, Norton A. Cashen, Robert M. Reinhardt and J. David Reid 79*
(17) Practical Experience with the Continuous Solvent Scouring Machine for Knit Goods, Klaus Kolb 91*
(18) Continuous Solvent Scouring and Chemical Application Machinery, Daniel A. Fusconi 97*
(19) Solvent Size/Desize: Alternative to Desizing Waste Treatment, William C. Jones 103*
(20) The Markal Processes: Update 1973, Roger N. Suiter and Alan J. Shipman 109*
(21) The Development of Solvent Textile Technology in Europe, J. Helmut Sieber 115*
(22) Dyeing from Organic Solvents: A Critical Review, Wilfried Kothe 127*
(23) Polyester Pretreatment, Vernon C. Smith and Fred E. Barwick 135*
(24) The Role of Surface Tension in Organic Solvent Dyeing Systems, John M. Smith, Hao-

Wher seamanship....

required seam-manship

RAFFI & SWANSON *was specified*

When you're manufacturing 'foul-weather' gear for the sailing crews of the America Cup, the 1973 Olympic team and the Canada Cup, you have to produce a durable product with watertight seams that will withstand the most severe conditions. International Sportswear, Inc. had just that assignment. International, who specifies all components for their garments, consulted RAFFI & SWANSON, leaders in the manufacturing of coatings for the textile industry. As a result of research and testing, RAFFI & SWANSON produced a urethane seam sealant which met the stringent requirements of International's specifications. In addition, RAFFI & SWANSON's Durane® waterproof polyurethane coating was specified for the garment itself.

This is another example of the RAFFI & SWANSON expertise at work for a customer. Maybe we can help raise your 'sails.' Write or phone today.

RAFFI & SWANSON, INC.
100 Eames Street, Wilmington,
Massachusetts 01887. (617) 933-4200

Cumulative Index

Kiang Chan, William A. Archie and Edward S. Olson 142*
(25) Solvent Selection for Nonaqueous Dyeing, Frank O. Harris and Thomas H. Guion 163*

(63) Biodegradation of Synthetic Warp Sizes, Carl E. Bryan and Peggy S. Harrison 6-37/109
(64) Acrylic Soil Release Polymers: How They Function, C. E. Warburton and F. J. Farkhill 6-41/113
(65) Textile Waste Treatment: Past, Present and Future, Joseph W. Masselli ..... 2‡
(66) Environmental Impact on the Textile Industry, Robert C. Jackson ..... 3‡
(67) The Medical Effects of Byssinosis, Joseph G. Springer ..... 8‡
(68) Impact of OSHA and How Burlington Industries Has Implemented an In-House Environmental Program, Calvin A. Michaels ..... 10‡
(69) Noise Measurement, Control and Abatement, Laymon N. Miller ..... 14‡
(70) Some Aspects of Noise Control in the Textile Industry, Paul D. Emerson ..... 21‡
(71) The Universal Responsibility for Clean Air, James S. Parker ..... 26‡
(72) Air Quality and Emission Standards Under the Federal Clean Air Act, Donald F. Walters ..... 28‡
(73) Textile Air Pollution Problems as Seen by a State Control Agency, Thomas M. Noel .37‡
(74) Procedures, Techniques and Equipment Being Used by the Textile Industry for Pollution Control, M. Dean High ..... 40‡
(75) Solvent Processing in the Textile Industry and the Means for Preventing Air Pollution, John J. Willard ..... 43‡
(76) Environmental Pollution Control: Technical and Political, Ross E. McKinney ..... 48‡
(77) A Progress Report on the Activities of the ATMI Committee for Setting Water Quality Management Standards for the Textile Industry, L. H. Hance ..... 52‡
(78) Progress Report on the Biodegradability of Surfactants Used by the Textile Industry, Harry T. Zika ..... 56‡
(79) Positive Action: Virginia's Plan for Clean Streams, Glenn E. Moore ..... 63‡
(80) Textile Plant Water Reuse, Recycle and Conservation and Wastewater Treatment, William J. Day ..... 72‡
(81) Recycle of Synthetic Warp Sizes from Desizing Wastewater, Carl E. Bryan and Peggy S. Harrison ..... 74‡
(82) A Review of the American Dye Manufacturers Institute's Study on the Effect of Dyes on the Environment, Harry F. Clapham ..... 80‡
(83) Solid Waste Disposal in a Multi-Product Chemicals Plant, Edwin E. Slover ..... 87‡
(84) On-Site Disposal of General Plant Waste and Energy Recovery, Herbert J. Hollander and J. Dixon Lesslie ..... 99‡
(85) The Examination and Analysis of Solid and Chemical Wastes for Landfill or Incineration, William P. Bobsein ..... 115‡
(86) Biodegradation of Polyvinyl Alcohol, Frederick C. Baines ..... 122‡
(87) Removal of Color and Heavy Metals from a Dyestuff Waste Stream by Adsorption, Richard A. Montanaro and A. Herbert Noble ..... 129‡
(88) Study of Gamma-Induced, Low Temperature Oxidation of Textile Effluents, E. E. Ketchen and F. N. Case ..... 136‡
(89) Carriers and Leveling Agents for Dyeing Polyester, W. Beckmann and Heidi Hamacher-Brieden 7-17/118
(90) The Role of Thermoplastic Resins in Fusible Interlinings, D. V. Kamat 7-25/125
(91) Fading of Dyed Fabrics Exposed to Air Pollutants: A Chamber Study, Norman J. Beloin 7-29/128
(92) Complete Reuse of Textile Dyeing Wastes Processed with Dynamic Membrane Hyperfiltration, C. A. Brandon, J. S. Johnson, R. E. Minturn and J. J. Porter 7-35/134
(93) Oil Stain-Detergent-Substrate Surface Interactions in Soil Release Laundering, Samuel Smith, Birger Johannessen and Patsy O. Sherman 7-39/138
(94) Some Factors Affecting Fabric Flammability as Measured by Oxygen Index (OI), James F. Hendrix, George L. Drake Jr. and Wilson A. Reeves 8-13/144
(95) A Method for Quantitative Analysis of Cotton/Kohjin Blends, Warren S. Perkins 8-18/149
(96) New Developments in Applicaton Technology and Chemistry of Polyurethanes for Fabric Coating, F. Kassack 8-21/151
(97) The ANLAB Color Difference Formula for Shade Passing, K. McLaren 8-31/160
(98) Consumer Satisfaction with Home Furnishings, Barbara D. Nichols and Rachel Dardis 9-23/167
(99) Superheated Steam Fixation of Prints, R. Hofstetter 9-29/172
(100) Wear Patterns in Boys' Jeans, Carol L. Warfield and Mary Jo Fickle 9-39/181
(101) Determination of Moisture in Textiles by Thermogravimetric Analysis, T. G. Manjrekar 9-44/186
(102) Color, Color Measurement and Colorant Formulation in the Textile Industry, Roland E. Derby Jr. 9-47/188
(103) New Developments in Exhaust Dyeing of Cellulose with Reactive Dyes, Maurice R. Fox 9-56/197
(104) Reaction of Wool with TODMAC, Roop Nahta 9-63/204
(105) Textiles and the Chemical Industry: A Marriage, Herman B. Goldstein, 1973 Olney Medalist 10-21/209
(106) Development of a Semirestrained Vertical Fabric Flammability Test Concept. A report of a study by the Test Method Development Subcommittee of the Apparel Products Flammability Committee, American Apparel Manufacturers Association 10-27/215
(107) Instrumental Color Match Prediction for Sulfur Dyes, J. R. Aspland 10-34/222
(108) Shade and Strength Predictions and Tolerances from Spectral Analysis of Solutions, Charles E. Garland 10-39/227
(109) Comments on Soil Release Mechanism of Acrylic Polymers, Erik Kissa 10-44/232
(110) American Textile Machinery Exhibition International—1973, A preview of exhibits for the wet processing industry 10-48
(111) Knit Shrinkage: Cause, Effect and Control. Abstracts of papers to be presented at AATCC symposium, October 24-25, 1973, New York, N. Y. 10-60
(112) Knit Shrinkage in Drycleaning: Statistics and Causes, Manfred Wentz, Ivan J. Andrasik and William Fisher ..... 2§
(113) Definitions and Theory of Shrinkage, Peter Brown ..... 12§
(114) A Survey of Shrinkage Test Methods, Thomas P. Scott Jr. ..... 16§
(115) Acceptable Limits for Shrinkage in Men's Knit Outerwear, William N. Lilly ..... 21§
(116) Fabric Shrinkage in Women's Wear, Daniel Powderly ..... 25§
(117) Shrinkage Specifications for Men's Knit Shirts, Burton Blagman ..... 28§
(118) Knit Shrinkage: Effect of Yarn and Fabric Construction, Braham Norwick ..... 31§
(119) Shrinkage Mechanisms in Nylon Knits, Winfried T. Holfeld ..... 37§
(120) The Interaction of Dyeing and Heatsetting Conditions in the Shrinkage of Textured Polyester, Herbert T. Pratt ..... 44§
(121) Fine Cut Double Knits for Men's Wear, Thomas McCullough ..... 50§
(122) Shrinkage and Shrinkage Control in Bonded and Laminated Knits, Jackson Bauer ..... 53§
(123) Control of Shrinkage through Resin Finishing, Stephen H. W. Nye ..... 64§
(124) Shrinkage Control for Cotton and Cotton-Blend Knitted Fabrics, David H. Black .69§
(125) Methods of Controlling Laundry Shrinkage in Cotton and Cotton-Blend Knitted Fabrics, Gerald B. Verburg, J. G. Frick Jr. and J. David Reid ..... 77§
(126) Wool Stabilization in Knitted Fabrics, H. J. Leavitt and Thomas H. Randall ..... 83§
(127) Controlling Shrinkage by In-Plant Sponging, Harry Rosenstein ..... 89§
(128) Cutting, Sewing and Pressing Practices to Reduce Shrinkage, John M. Murray ..... 91§
(129) Selection and Use of Fusible Interliners in Knit Garments, Hector W. Griswold ..... 102§
(130) Washable Knitted Fabrics/Garments, Harold McGowan ..... 108§
(131) Needed Research on Flame Resistant Polyester/Cellulose Blends, Guiliana C. Tesoro 11-23/235
(132) Plasma Treatment of Textiles: A Novel Approach to the Environmental Problems of Desizing, Metropolitan Section, AATCC 11-27/239
(133) Model Particulate Soils for Soil Resistance Evaluation, Erik Kissa 11-38/249
(134) Treating Dye Wastewater, T. A. Alspaugh 11-44/255

---

* Page numbers refer to the official proceedings of the AATCC Symposium entitled Textile Solvent Technology: Update '73. The symposium was held January 10-11, 1973 in Atlanta, Ga. Copies of individual papers are available at $2 each from the AATCC Technical Center.

† Page numbers refer to the official proceedings of the AATCC Symposium on Coated Fabrics Technology held March 28-29, 1973 in Newton, Mass. Copies of individual papers are available at $2 each from the AATCC Technical Center.

‡ Page numbers refer to the official proceedings of the AATCC Symposium entitled The Textile Industry and the Environment—1973. The symposium was held May 22-24, 1973 in Washington, D. C. Copies of the entire book of papers are available at $10 each from the AATCC Technical Center.

§ Page numbers refer to the official proceedings of the AATCC Symposium on Knit Shrinkage: Cause, Effect and Control. The symposium was held October 24-25, 1973 in New York City. Copies of the entire book of papers are available at $10 each from the AATCC Technical Center.

35) Evaluation of AATCC Test Method 13a-1972 for Assessment of the Durability of Carpet Flame Retardant Treatments, Wayne C. Tincher, James W. McCarty and A. John Maguire 11-51/261
(136) Tear and Burst Strength of Durable Press Shirts, Mary Jean Wylie and Nancy C. Erikson 11-57/266
(137) Antagonists for Textile Flame Retardants, J. W. Weaver 12-21/271
(138) Emulsion Process for the Cleaning of Textiles, Seham Zaki Mousa, David B. Russell and Elizabeth Flowers Thomas 12-24/274
(139) Rapid Method of Identifying Flame Retardant Fibers and Finishes in Fabrics, Rhode Island Section, AATCC 12-30/279
(140) Effect of Seaming Thread Lubricants on Flammability Performance of Polyester Fabrics, Robert R. Sanders 12-37/285
(141) Durable Press Cotton/Wool Blend Fabrics by Wet Fixation of Resins in Steam, R. D. Mehta 12-39/287

Index of Authors

In the following Index of Authors the number to the right of the entry identifies the title of each author's paper as listed in the preceding Index of Titles.

Allen, Henry A. 57
Alspaugh, T. A. 37, 134
Anderson, Norman L. 14
Andrasik, Ivan J. 43, 112
Archie, William A. 24
Aspland, J. R. 107
Athey, R. J. 52
Aurich, Christopher W. 26
Badger, J. H. 50
Baines, Frederick C. 86
Baril, A. Jr. 48
Barwick, Fred E. 23
Bauer, Jackson 122
Beaulieu, F. J. 41
Beckmann, W. 89
Beloin, Norman J. 91
Birke, W. 11
Black, David H. 124
Blagman, Burton 117
Bobsein, William P. 85
Brandon, C. A. 92
Brickman, W. James 59
Brown, Peter 113
Bryan, Carl E. 63, 81
Carbone, John N. 14
Case, F. N. 37, 88
Cashen, Norton A. 16
Cates, David 8
Chan, Hao-Kiang 24
Clapham, Harry F. 82
Comstock, L. R. 53
Critchfield, F. E. 53
Curtis, B. W. 45
Dardis, Rachel 98
Day, William J. 80
Derby, Roland E. Jr. 102
Drake, Geroge L. Jr. 94
Dusenbury, J. H. 47
Easton, Bernard K. 56

AATCC Activities

The AATCC activities section which follows cites significant association news. The numbers following each entry identify the issue and page number.

Harold C. Chapin Award (1973) 6-27
Chapin Marks 90th Birthday 10-12
Council News 3-22, 6-18, 12-14
ITPC Papers (1972):
Delaware Valley Section: Solvent Dyeing Cellulosic Fibers 3-49/60
Midwest Section: A New Abrasion Method for Evaluating the Effect of Cationic Softeners 2-31/34
Piedmont Section: The Use of Solvent Emulsions in Scouring and Dyeing Polyester 1-39/18
ITPC Papers (1973)
Metropolitan Section: Plasma Treatment of Textiles—A Novel Approach to the Environmental Problems of Desizing 11-27/239
Rhode Island Section: Rapid Method of Identifying Flame Retardant Fibers and Finishes in Fabrics 12-30/279
National Officers for 1974 ..... 10-11, 12-9
National Technical Conference (1973):
Technical Program Announced 6-25
Conference Program Preview 9-73
Olney Medal Address (1973) 10-21/209
Olney Medal (1973) 6-27
Research Committee Highlights 3-24, 6-22, 12-18
Sectional Officers for 1973 4-49
Symposia:
Coated Fabrics Technology 3-52
Knit Shrinkage 10-60
Solvent Processing 2-16
Textile Industry and the Environment 4-43
Technical Manual (1973):
Changes Announced for 6-46
Ten Years in North Carolina 6-28

southeastern opportunities

MANUFACTURING MARKETING

You have capabilities that aren't being used or recognized . . . You want to improve your salary . . . In short, you're concerned about your future.

—Why not let us help you?

We recruit for most of the major textile/fiber companies in the Southeast. Our job market has never been better. We can help you be selective in your career opportunities. Let us put our professional techniques to work for you.

There's no cost to you . . . just send us your complete resume or write for a free "Career Kit."
